I would like to express my gratitude for your gracious gift toward my education at Howard University. The mere thought of college expenses can cause distress but I would like to thank you all for lightening my mental and financial load. Your gift made it possible for me to purchase all of my books without any worries. I didn't know how expensive books were and was sooooo happy that I was able to pay for them (thank you, thank you, thank you :). I like to believe that those books helped me to have an absolutely SPECTACULAR first semester of college, securing a 3.94 GPA and making myself and my family proud. I hope that you know that your funds did not go to waste and I am exceedingly grateful for your assistance. Thank you again :)
